

PLEA OF HARDSHIP TO FOREIGN-BORN IS TICKET FOR JOE

Statement on League's Effect
on Immigrant Voters Votes
Opens Dangerous Political
Ground, Says Lawrence.

BY DAVID LAWRENCE.
(Special Correspondent of The News Scimitar.)

MARION, O., Aug. 6.—Senator Harding has touched off a fuse in the presidential campaign that is more likely to burn the fingers of both the Republicans and Democratic candidates, if they do not watch out. For admitted, the question of the prejudice against the foreign-born voters in America is one of the most delicate of all political questions to handle. The senator, in his front-porch speech out boldly against the league of nations as a "world experiment" which threatened the American citizenry because, as he said, it is "only to think of trying to blend aliens in American unity when the land of their adoption sits in judgment on the land from which they came."

Now the truth is, the league of nations has been attacked on the ground that it would cause friction among foreign-born residents in the United States and defended on the basis that American cosmopolitanism would be the useful factor in mediating disputes abroad. But the interesting thing is, that in both the Republican and Democratic campaign headquarters there are to be found this year, as in every other presidential contest, certain bureaus designed to corrupt the foreign-born voters. To the Irish voters the Republicans are appealing for support on the theory that the league of nations would support England against Ireland. To the German voters the Democrats are appealing for support on the theory that Article 10 requires America to support England against Ireland. To the Italian voters the Republicans are appealing for support on the theory that the league of nations would support Italy against Germany. To the Polish voters the Democrats are appealing for support on the theory that the league of nations would support Poland against Germany.

It is a striking confirmation of the American viewpoint expressed at the Paris conference by President Wilson that the imposition of an unlimited indemnity now has been abandoned. Germany fully expected the United States to be a member of the all-important reparations commission, and to help keep down the size of the indemnity.

Italians and Fiume.

Germany fully expected the United States to be a member of the all-important reparations commission, and to help keep down the size of the indemnity.

Appeal to Poles.

To the Poles the Republicans and Democrats will present different appeals of Poland's plight. The Democrats will say the troubles in Poland today are due to neglect by the league of nations, especially the inability of America to help through the league of nations; while the Republicans will say that the league of nations is the cause of Poland's troubles, that if this be true, President Wilson's stubbornness kept America from being in the league to render that help.

Among the Czech-Slovak and Jugoslavians, the assistance already rendered by America to the new nations of Central Europe will be used to political advantage in the claims of credit by the Democrats for the financial assistance rendered in Austria, and elsewhere in Central Europe, by Herbert Hoover, who has announced his support of Senator Harding.

But fundamentally, Harding has opened up wide the question of the sympathies of the foreign-born in the event that a dispute arises between the United States and the country of their birth. The dissensions inside America when the United States got into conflict with Germany occurred, says the Democrats, when there was no league of nations and they declare moreover that the Irish-Americans have sat in the lobbies of congress and influenced the passage of resolution after resolution offensive to Great Britain. On the other hand, Wilson himself has contended that, because America was made up of various nationalities her people could bring friendly influence to bear and could better understand European controversies.

Senator Harding's Attitude.

Senator Harding is confident from America's experience with the hyphen in the war with Germany, that the United States would be perpetually torn with disputes among her own citizens if this country set on a council and discussed European questions.

It is considered by Republicans as one of the most powerful arguments that could be made against America's entrance into the league and all unquestionably by the league of nations efforts to secure the support of foreign-born voters for a policy of "hands off" in Europe.

But the trouble is that many foreign-born voters want America to use her influence in Europe and to mix in. It's a two-edged sword.

HUSBANDS LIKE THIS ARE MUCH IN DEMAND

LONDON, Aug. 6.—(By International News Service.)—A husband who lent his wife and paid her an allowance of \$2 a week while she lived with another man has been revealed in a case before the Clerkenwell magistrate.

The loaned wife's allowance didn't arrive last week. Brown, the consignee, so to speak, found her taking his things out to pawn them, and he lost his temper.

When she brought him into court for assault and explained to the judge that she merely borrowed the clothes, and would have reclaimed them when her allowance arrived, the judge ruled that the husband "must be a remarkably good chap," and fined Brown \$10.

GETS THREE YEARS FOR DEFRAUDING REX BEACH

NEW YORK, Aug. 6.—Paul Dair, former secretary of Rex Beach, the novelist, was sentenced to serve a maximum of three years in the penitentiary here yesterday after being convicted of forgery in connection with the misuse of signed checks entrusted to him by Mr. Beach.

Mr. Beach declared Dair filled out the checks with fictitious names and cashed some \$8,000 worth. Mr. Beach recommended clemency.

A letter from Dair's wife read in court, stated that Dair had committed the forgeries through his desire to provide for her and their children.

SNIPES, THAT'S ALL.

SPRINGFIELD, Ill., Aug. 6.—(By International News Service.)—A park policeman saw four young women and a young man "prowl" among some shrubbery in a local park. The quintet held a burlesque show. Suspicious, the policeman arrested all five. On convincing the court that they were "sniping" the five were released.

SWEEPS STATE IN GOVERNOR'S RACE BY OVERWHELMING VOTE

GOV. A. H. ROBERTS.

Quits \$13,000 Job To Marry Man Who Gets \$2,000 A Year

WILLESLEY, Mass., Aug. 6.—(By International News Service.)—Miss Beale B. Parker, private secretary to Roger W. Babson, noted statistician, says she can't keep on working and make a home with it should be for her future husband, so she is sacrificing an annual income of \$13,000 to devote herself to housework.

Miss Parker is to become the bride of Elroy L. Powers, of Norwood, a \$2,000-a-year employee of the Pinkham Press. She believes, she says, that woman's place is the home. With the income she is giving up, a revenue of \$13,000 a year, she is giving up a position which she has held for five years. But Miss Parker thinks that the wife's personal touch and supervision of the household are far more vital than money.

Thief Prepares In Summer For Winter

The thief who Thursday night ransacked the home of Mrs. Annie Wright, 723 North Third street, not only liked stolen linen but believed in the old saying of prepare in the hot summer for winter days. When Mrs. Wright reported to headquarters that more than a dozen georgette and silk dresses were missing in addition to a winter coat with fur collar.

The victim declared when she entered her front door on Monday morning she heard a noise in the back and hastening through the house was just in time to see a negro woman hurrying out the back door. The latter was caught.

Emergency Officers Sheffer and Williams investigated but got no clue to the thief's identity.

BOUND TO LOSE.

LONDON, Aug. 6.—(By International News Service.)—Cream is from control in England today, anybody can buy who has the price. So ends another postwar paradox. Hereof, cream has been obtainable only "for babies and invalids," and the cream, when purchased, displayed a notice on the container stating that the cream was not suitable for babies or invalids.

RECIPES OF OUR PIONEER MOTHERS

For the home treatment of disease were wonderfully dependable. True, they knew nothing of drugs, but their success to the roots, herbs and bark of the field. It is interesting to note that Lydia E. Pinkham's Vegetable Compound, the most successful remedy for female ills we have, was originally prepared for home use from one of these recipes. Its fame has now spread from shore to shore, and thousands of American women now well and strong claim they owe their health and happiness to Lydia E. Pinkham's Vegetable Compound.

BAD HEAD WORK.

LONDON, Aug. 6.—(By International News Service.)—An Enfield motor tender, who had burglarious ambitions in his cell and curses his headwork. He invited a couple of likely-looking men to help him break into a garage. They even accompanied him on a second "job," and he conducted a "school of burglary" for them, criticizing their wearing of white scarves for a night job.

Then they nipped him. They were policemen.

Reds Tell British Demands On Poles Merely Safeguards

LONDON, Aug. 6.—Leo Kamenoff, of the Russian soviet delegation here, sent Premier Lloyd George a long communication last night giving the soviet government's reply to Great Britain's note of Tuesday, with regard to the delay in the armistice negotiations between Russia and Poland.

M. Kamenoff's statement declares the soviet government never desired to combine the negotiations for an armistice with negotiations for peace, but that it demands that the terms of the armistice include reasonable guarantees which would prevent attempts by Poland to use the period of the armistice for the removal of hostile acts.

The sole obstacle in the way of the beginning of negotiations for the suspension of military operations, says the note, is the absence of the Polish delegates whose return is being awaited by the representatives of the soviet government in order that negotiations may be immediately opened.

Fayette County Falls In Line Behind Roberts

T. M. Ross, sheriff of Fayette county, telephoned The News Scimitar Friday to say reports that Crabtree carried Fayette county were greatly exaggerated.

The vote, as nearly complete as possible without official returns, the sheriff said, was Roberts 733 and Crabtree 177. George Welch ran along with Roberts.

Sergeant Brinkley, the Memphis police officer who was killed by Lorenzo Young, negro, was a native of Fayette county. An effort was made to arrange the voters against Gov. Roberts because he granted Young a 30-day respite, notwithstanding the family under stood the situation thoroughly and supported the governor.

NEW ANGLE TURNS UP IN BELL CASE

Unchanged but in no immediate danger, was the report Friday from General hospital regarding A. B. Bell, alleged murderer, who Thursday tried to end his life in county jail. Hospital attaches could not say when the man would be in condition to return him to the county jail. A deputy sheriff guards Bell, who is charged with slaying his sister.

An angle developed in the Bell case late Thursday in city court with dismissal of disorderly conduct charges against J. O'Brien, laborer, 372 Union. According to emergency police, O'Brien was found early Thursday in the room of Mrs. Cora Tackett and Mrs. Bertha Conley, daughters of Mrs. Sallie Bolden, slain woman, by James B. Bell, a brother of the man detained. City court testimony was to the effect that O'Brien was under a bed and discovered by James Bell when the latter was in the room merely for protection of the women and talked so convincingly that Judge Barker released him. He gave his address as 372 Union, also the home of Mrs. Tackett and Mrs. Conley.

RICE GROWERS CONFER WITH HAVANA BANKERS

HAVANA, Aug. 6.—Several of Havana's leading bankers and a committee representing the California Rice association conferred yesterday on the serious credit situation brought about by the alleged failure of certain Cuban importers to accept rice shipments valued at more than \$20,000,000 now held up in the harbor here, which, it is claimed, were shipped under contract.

No statement was given out by the conferees, but the bankers are reported to have demanded that merchants protect their owner and to have intimated that the island's credit might be seriously involved, as American exporters are becoming dubious of the good faith of certain Cuban importers.

A member of the rice association declared that for the past five years American firms have been shipping to Cuba under the same terms and conditions which now exist, but have never been faced by such a situation.

Cocoon Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multiscent cocoon oil shampoo (which is pure and entirely free of alkali) is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dirt, dandruff and excessive oil. It leaves the hair soft, glossy and it leaves it fine and silky, bright, lustrous and easy to manage.

You can get Multiscent cocoon oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

MEMPHIS TO GET CHINESE PAPER

Within less than a month Memphis will become the home and publication office of the first Chinese magazine and newspaper in the South. For the present, the paper will be printed in Chinese only, and will appear weekly. It is expected, however, that a short time later an English section will be added.

Establishment of this paper is the outgrowth of organization of the Tri-State Chinese Merchants' association. The enthusiasm manifested and the solid co-operation between members of the race in the three states encouraged leaders to plan some definite means for keeping all members posted on trade conditions. Especially will the new paper be valuable in distribution of news of China's fight against Japanese goods.

Type for the new paper will be brought from San Francisco. Dr. Eugene Reux, now business manager of the Chinese Nationalist, of Chicago, may come to Memphis to have charge of the new paper. K. T. Loo will look after local interests of the paper.

EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Weth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, the hair turns a beautiful, dark, glossy, and luxuriant.

Gray, faded hair, though, no disgrace, is sign of old age. But we all desire a youthful and attractive appearance, get busy at once with Weth's Sage and Sulphur Compound and look years younger.
